

Looking for that special gift?

Don't miss this unique opportunity to bring a piece of our church into your home.

Hand-made Sun-Catchers, Ornaments, Nightlights, Pendants and Paperweights are available to order now.

The making of these gift items by parishioners and members of the *Live Jesus!* Communities, was inspired by this quote from Saint Francis DeSales: *"Imperfect as we are, the light of God's love implanted in us is not meant to be hidden – it is meant to be shared."* So, let your light shine for and with others!

Items are embedded with stained glass recycled from the original church's entrance doors replaced when the new church was built. Through those doors we entered to give thanks for daily life and to celebrate life's special events.

Now repurposed, the glass pieces reflect the many blessings we share in the Saint John Neumann Catholic Community. As they are hand made, they are each unique, and much like us, imperfect and beautiful.

In gratitude for their ministry and support, all proceeds are donated to the Oblates of St. Francis DeSales to care for retired priests and seminarians.

Limited quantity.
